Location: Preston, CT.

Date	Permit License/ EPA/ID#	Issuing Agency	Type of Violation	Nature of Alleged Violation	Status/Disposition	Fine Paid
2/5/99	General Permit - Discharge of Stormwater	Connecticut DEP	Notice of Violation	Alleges failure to submit stormwater monitoring results for October 1, 1997 to September 30, 1998 pursuant to general permit Section 5(d)(3)(A).	Ref-Fuel has contested the Notice of Violation, and received a letter from the Department stating that since the facility no longer discharges stormwater and the violation did not apply to the Facility.	\$0.00
10/22/99	Solid Waste Permit to Operate SW-1140201	Connecticut DEP	Notice of Violation	Alleges that the facility accepted demolition debris that was not permitted, without utilizing the Special Waste Approval Plan.	The facility requested a rescission of this violation because statutory language exists that specifically permits the acceptance of this material. In addition, Ref-Fuel attended a meeting with the Department prior to the acceptance of this material to resolve any potential issues with the waste stream. A response from the Department is pending.	\$0.00
